Brad Frick provided an excellent history on gerrymandering within the State of Ohio and then introduced two speakers who debated both sides of Issue 1, which will be on this November's ballot.

Jen Miller, Executive Director of the Ohio League of Women Voters, debated in favor of Issue 1. Ms. Miller explained that the current system is not working, and needs bipartisan reform that takes redistricting out of the hands of self-serving politicians seeking re-election and into the hands of citizens who are not motivated by political gain. Ms. Miller emphasized that the groups advocating for Issue One are bipartisan, and urged everyone to stand up for citizens, not life-long career politicians and lobbyists. For more information about why you should vote FOR Issue 1, go to www.fairdistrictsohio.org or www.citizensnotpoliticians.org.

Anthony D'Alessandro, with No On Issue 1, debated against Issue One. Mr. D'Alessandro explained that both parties agree the current system is broken and needs to be fixed, but that voting yes on Issue one would replace one flawed system with another. Mr. D'Alessandro advocates for voting down the amendment in its current form so that a better solution can be determined that has less division and more support across diverse groups. The next re-districting will not occur for another 10 years, so Mr. D'Alessandro does not see the need to rush into

a solution that has not been appropriately vetted. One of Mr. D'Alessandro's main concerns about the Issue 1 amendment is that it will take power away from elected representatives and place it in the hands of individuals who are not accountable to voters. For more information about why you should vote AGAINST Issue 1, go to www.ohio-worksinc.com and click on "Get The Facts" on the top right of the screen.

Rotarians asked several excellent questions with responses from both Ms. Miller and Mr. D'Alessandro, and then the meeting was adjourned.
